

TRAVEL INSURANCE

Traveling connects us with some of our most treasured experiences, and occasionally the unexpected can happen. That's why we require our travelers to obtain certain types of travel insurance while traveling with Conscious Travel Collective. Not only do we want our travelers to have peace of mind when they are traveling, but also to have a safe and affordable experience with us. We are happy to discuss these requirements with you.

CONSCIOUS TRAVEL COLLECTIVE REQUIREMENTS

- Trip protection style travel insurance that includes;
 - travel medical coverage is required for all trips with Conscious Travel Collective. The coverage must have a minimum \$150,000 of medical coverage and include injury, medical, evacuation, and repatriation.
- Once insurance is obtained, **a copy must be sent to us**. Failure to provide proof of insurance within 90 days of booking will result in trip booking suspension until proof of insurance has been provided.
- **Trip Protection style travel insurance plans** are designed to provide coverage for Trip Cancellation if you are prevented from taking your trip due to a covered reason; most notably - illness, injury, or death to the traveler, a traveling companion, and/or an immediate family member not traveling, unforecasted inclement weather, and much more. Also included are benefits for Trip Interruption, Trip Delay, Baggage & Personal Effects, Travel Medical Expenses, and Emergency Medical Evacuation.
 - *Please contact your travel insurance provider for details of coverage*
- We do **not** accept travel insurance provided by your credit card, as it typically does not cover all of the above. Most domestic US health insurance plans do not cover international travel claims or provide a global network of contracted doctors and facilities. We want to make sure you are covered in case of an emergency or non-emergency illness or injury while abroad.
- In the event you need to quarantine, these costs will not be covered by Conscious Travel Collective, so we strongly recommend selecting a plan that offers this coverage.

All travelers are responsible for understanding the details of their travel insurance policy and for confirming that their insurance provides coverage for all activities (included and optional)

identified in the trip itinerary and that there are no exclusion clauses that would limit your coverage. By accepting our Booking Terms & Conditions at checkout, you have already agreed that you alone are responsible for verifying the limits and terms of your insurance policies and whether they meet Conscious Travel Collective requirements.

WHEN TO BUY

When you confirm your spot on a trip. Many insurers will only insure your trip within a certain window after your final payment is made, so we highly suggest doing it when you pay your deposit. At a minimum, you must provide us with proof of insurance and adequate coverage no later than 90 days before your trip's departure date.

WHERE TO BUY

We partner with **Wanderwell**, a **Certified B-Corp travel insurance agency** who can offer both Trip Protection style travel insurance coverage and advising. If you choose to purchase through Wanderwell, you can buy the trip from our Conscious Travel Collective partner page by clicking [here](#) and at least 1% of your purchase premium price will be donated through **1% for the Planet** to aid with offset for your trip.

There are many companies to choose from, here are a few more for you to consider;

- **World Nomads**
- **Travel Guard by AIG**
- **Allianz Travel**

We also like **SquareMouth** for its ability to compare plans to make sure you're buying a plan to covers all of your personal needs. In general, we follow the motto "you get what you pay for," so if you purchase the cheapest plan you should expect it to cover the least.
